

SMART BUSINESS PARTNER MASTER BOT

ABOUT US

Founded in 1997 in Atlanta, GA, Smartsoft has consistently grown by offering diverse services to SAP clients across industries. Over two decades, we've expanded our capabilities and earned numerous accolades, including Gold Partnership with SAP.

PRODUCT OVERVIEW

The Smart Business Partner Master Bot, built with SAP Build Process Automation, automates bulk vendor and customer creation in SAP BTP from Excel, reducing operation time and ensuring data accuracy. It reads data from an Excel template, creates business partners, and updates the status, enabling businesses to focus on strategic tasks.
